

**RAVELL®**

## PICTURE LIFT RPT-1

**The RAVELL® PICTURE LIFT** elevates any painting (Furniture panel, dummy screen, cover) placed in front of a wall hanging TV/Monitor to a viewing position. Increases the aesthetics of the room (conference room, training room, home). It makes the TV/Monitor invisible during the standby mode. In addition, it protects the device against unauthorized access.

### **APPLIANCE:**

- Dedicated, in STANDARD version to TV/Monitors – diagonal screen: 40"-65"
- Max lifting weight 10kg

# PICTURE LIFT RPT-1

## ADDITIONAL ACCESSORIES:

- montage distances to adapt desired measurement,
- remote control (wireless IR, RF or RS232).

## MAIN FEATURES:

- lift construction based on a vertical frame system guided by a precision mechanism
- upward and downward movement caused by a slow-speed winch equipped with a winder
- 100% repeatability
- quiet, smoothly running rope mechanism
- safety and precision guaranteed by the limit-switch system
- easy to operate
- reliable and functional construction made of high quality components
- finish with powder paint in black, white, silver (on request, you can choose another color from RAL palette),
- aesthetic and precise finish.

Dimensions	Max lifting weight	Unit weight	Rated voltage/frequency
930x800x125 mm	10 kg	18 kg	230 V/50 Hz
